

## Assured Family Foundation (AFF)

AFF is a non-profit organization established under Societies Act of Alberta, Canada and has been operational since 2020.

AFF is helping and providing necessities of life to the people of Calgary and surrounding areas and trying to make them physically and mentally healthy with the help of AFF members, donors, and volunteers.

Currently, our operations are Calgary based families that will be extended to North America and all over the world. We believe the families getting our support will become active members of AFF and one day they will support us with their time, funds, knowledge and network.

You have been offering your act of kindness, passion and sharing for a while and we need to continue to grow. Our tomorrow depends upon today's action. Let's make our commitment to do a little more every time. This is a community investment which will pay you back in the shape of prosperity, health and smile on your community's faces.

We sincerely thank and appreciate AFF members, donors, volunteers and financiers for your continued support.

You can donate via E-transfer, PayPal or Pledge form using below link:
