

Assured Family Foundation Report for 2022

Board of Directors

January 30th, 2023

Assured Family Foundation (AFF) journey

AFF was established as a non-profit organization in September 2021 under the Societies Act of Alberta, Canada. The origins of this organization are not very old, but its functions began in June 2020 with the support of a few founding members who were influenced by the status of people's quality of life with the emergence of Covid 19 and its multi-faceted impacts on people.

With the passage of time community leaders kept joining hands and finally this organization came into existence with objectives to:

- Support deserving families providing required goods and services to make them happy and physically and mentally well.
- Encourage and empower them to become proud Canadian citizens so they can have bright future and contribute to their community.
- Strive for each person to attain a sense of peace, be fed and feel that help is just a phone call away
- We believe that the families that seek and receive our support will become an active member of AFF and one day they will support us with their time, knowledge, funds and network.

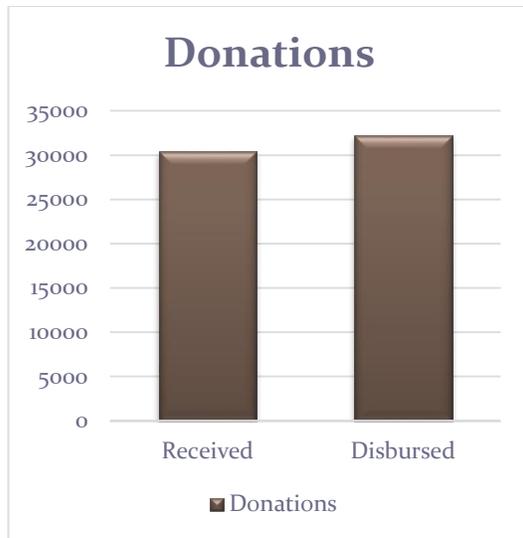

AFF is striving to get charitable status of this organization from Canada Revenue Agency (CRA) and subsequently we will be able to issue Tax Deductible Receipts for donations.

Our performance in 2022

During the period of Jan-Dec, 2022, we served 168 families (total of 720 members). In the same period, we collected \$30,391.70 from our donors on account of general donations, zakat-ul-maal, and sadaqah and spent \$32,254.49.

We would like to confirm there are zero dollar AFF management expenses and we spend all funds for the cause we collect.

Donation received \$	Amount Disbursed \$	Number of families served	Number of family members
30,392	32,254	168	720

168 families were served,
with a total of 720
individual family
members

Plan for 2023 and beyond

Aside from providing basic requirements, our next goals are to provide other services such as medicine (for people who do not have access to insurance or other sources), education and educational materials, rental assistance, job search assistance, resume writing, and guiding and assisting overseas students arriving in Calgary.

What we need in 2023 and up

AFF is committed to keep abreast with the updates to our donors, volunteers, financers and friends on periodical basis.

We would like to raise enough money to continue AFF's goals and expand our reach beyond Calgary and Canada.

AFF is asking for 50 people who are willing to pay \$100 on a monthly basis and support our cause. Regardless, any amount of money helps, and only \$15 per person per family member is required.

AFF is committed to keeping our contributors, volunteers, fund raisers and friends up to date on a regular basis. ***For any questions, please contact:***
